Company Profile

Capstone Health Alliance is a group purchasing alliance of healthcare members that delivers real cost savings through the power of aggregation and collaboration. Based in Asheville, North Carolina, Capstone represents over \$5 billion in acute care supply chain spend. To create the best savings opportunities for our members, we pair Premier's national portfolio with our local aggregation model – blending the best of national and regional contracting – to continually expand our extensive portfolio of more than 600 preferred pricing agreements.

Capstone delivers quantifiable savings and actionable data that enable better supply chain decisions for our member facilities. In addition to cost savings initiatives, Capstone members collaborate to share best practices and pursue resource utilization initiatives, all with the intent of improving cost, quality, and outcomes in patient care.
